

SPMs for Different Industries

We Created Many SPMs: Linear Indexing, Rotary Indexing and Way Type for Various Industries with Auto Loaders and Auto Unloaders.

AUTOMOBILE INDUSTRY

- Field Coil Winding Machine.
- Commutator and Core Turning Machine for Rotor.
- Engine Valve Scale Removal/Brushing Machine with Chute Loading.
- Engine Valve Induction Hardening Seat and Stum Machine with Chute Loading.
- Engine Valve Head Diameter Turning and Facing Machine with Chute Loading.
- Polygon Milling Machine for Gear Shift Lever.
- Needle Bearing Assembly, Inspection and Oiling Machine.

REFRIGERATION COMPRESSOR INDUSTRY

- Crank Shaft Milling and Drilling Machine.
- Twin Spindle Boring Machine for Connecting Rod.
- 6 Spindles Tapping Machine for Out Board Bearing (OBB).
- Horizontal Pull Broaching for Helical Oil Slot in Bore of Main Bearing and Out Board Bearing (OBB).
- Assembly of Rotor, Crank Shaft, Motor Case and Oil Pick Up Plug.
- Screw Tightening Assembly Machine.
- Rotary MIG Welding Machine for Compressor Shell.
- Rotary Indexing CO2 Welding Machine for Compressor.

FURNITURE INDUSTRY

- 3 Axes CNC Router Machine with 4 Automatic Tool Changer System (ATC).
- 4' x 8' Cold Press Machines.
- Plastic Welding Machines for PVC Doors and Window Frame.

MILITARY INDUSTRY

- Vertical Push Broaching for Key Slots.
- 5 Axes CNC Machine for Helical Slot Milling on OD for Bayonet Lock.
- Serration Milling on Connector Body.
- 2 Flat Milling Machine for Audio Receptical Shell.
- 3 Flat Milling Machine for Audio Plug Shell.
- 3 Slot J Milling Machine for 5 Pin Audio Receptical Shell.

AGRICULTURE INDUSTRY

- Automatic Machines for Machining Sprinkler Parts.
- Rotary Machine for Machining 3 Point Linkage Parts of Agriculture Machines.

SEEDS INDUSTRY

- Semi Automatic Seed Divider Machine for Corn, Maize and Paddy Seeds.
- Automatic Seed Planter with Water Appling Machine.

We Like Creating SPMs

What We Can Do?

- Metal Cutting SPMs Like
 - Turning & Milling SPMs
 - Drilling & Tapping SPMs
 - Boring & Broaching SPMs
 - Brushing & Polygon Milling SPMs
 - Induction Hardening SPMs
 - Automatic MIG & TIG Welding SPMs
- CNC Machines Suitable for Customer's Requirement
- Riveting Machines Suitable for Customer's Requirement
- 180 Degrees Oscillation Rotary Indexing Tables
- Automatic Plating SPMs
- Seed Dividing & Planting Machines
- Material Handling SPMs
- Automatic Oiling Equipments
- Steady Rest Equipments
- Field Coil Winding SPMs
- Complex Sub-Assemblies
- Hydraulic Presses Suitable for Customer's Requirement
- Inspection Machines & Fixtures
- Assembly Automation
- Jigs & Fixtures and Many More
