— JUST SPMs —

POOJAPRIYA MACHINE TOOLS

We Created Many SPMs: Linear Indexing, Rotary Indexing and Way Type for Various Industries with Auto Loaders and Auto Unloaders.

ABOUT POOJAPRIYA:

POOJAPRIYA MACHINE TOOLS (PPMT) is a Special Purpose Machines (SPMs) & CNC's Manufacturing Based Company Located in Goutham Nagar, Old Airport Road, Balanagar, Hyderabad. POOJAPRIYA MACHINE TOOLS (PPMT) Previously Known as POOJAPRIYA ENGINEERING WORKS (PPEW) and Sintern Concern Company to AUTOMATION SYSTEMS (AS). We are the Manufacturers of Special Purpose Machines (SPMs), CNC's, Jigs and Fixtures, Sub-Assemblies and Assemblies of the Machined Parts and Provide Automation for the Mass Production Facilities as per the Customer's Requirement. We Engaged in Design Development, Manufacturing, Electrical and Assembly of Special Purpose Machines, CNC's, Jigs and Fixtures Since 1997.

We Have More Than 25 Years of Working Experience in this Field of Designing and Manufacturing of Special Purpose Machines (SPMs), CNC's & Jigs and Fixtures. We Customize Our Designs as per the Requirements & Specifications of the Customers. We Provide the Best Quality Service for Our Customers. We are Closely Involved in Supporting of Fabrication & Machining of All Parts and Sub Assembly, Final Assembly and Inspection of All Special Purpose Machines (SPMs), CNC's & Jigs and Fixtures. We Have Built So Far More than 200 SPMs to Various Customers.

AUTOMOBILE INDUSTRY

Needle Bearing OD & ID Calibration Machines, Cage Turning Machines, Needle Bearing Assembly & Inspection Machines, Bearing OD & ID Chamfering Machines, Thrust Bearing Outer Shell Crimping Machines, Cam Chain End Joining & Inspection Machines, Tractor Yoke Component Drilling & Tapping Machines, Engine Valve Plating Machines, Valve Head Diameter Turning & Facing Machines, Valve Brushing Machines, Induction Hardening Machines for Valves and Many More Machines.

MILITARY INDUSTRY

Vertical Push Broaching Machine for Key Slots, 5 Axes CNC Helical Slot Milling Machine for Bayonet Lock, Serration Milling Machine for Connector Body, 2 Flat Milling Machine for Audio Receptical Shell, 3 Flat Milling Machine for Audio Plug Shell, 3 Slot J Milling Machine for 5 Pin Audio Receptical Shell, 3 Slot Helical J Milling Machine for 5 Pin Audio Receptical Shell, Flat Milling Machine for Military Audio Connector Nuts and Many More Machines.

ROCK DRILLS & MINING INDUSTRY

Automatic Bumping Rod Heating and Stamping Machine, Automatic Hex Bumping Rod Straightening Machine with Two Rods Loading, Lug Hydraulic Clamping Fixture for Thrust Bottom Pressing Operation, 180 Degrees Rotary Indexing Machine for Hammer Bit Heating & Hammering, Hydraulic Operated Extended Drifter Rod Steady Rest Arrangement for CNC Machine, 3 Axis Servo SPM for Leg Ball Top Long Hole Drilling with FANUC CNC System and Many More Machines.

REFRIGERATION COMPRESSOR INDUSTRY

Crank Shaft Brushing and Stoning Machine, Crank Shaft Handling and Cleaning Machine, Crank Shaft Milling and Drilling Machine, Twin Spindle Boring Machine for Connecting Rod, 6 Spindles Tapping Machine for Out Board Bearing (OBB), Horizontal Pull Broaching for Helical Oil Slot in Bore of Main Bearing and Out Board Bearing (OBB), Assembly of Rotor, Crank Shaft, Motor Case and Oil Pick Up Plug, Screw Tightening Assembly Machine, Rotary MIG Welding Machine for Compressor Shell, Induction Brazing for Compressor Shell, Rotary Indexing CO2 Welding Machine for Compressor and Many More Machines.

POULTRY INDUSTRY

Poultry Farm Water Feeding Nipple Assembly Machine, Manual Riveting Machine Suitable for Water Feeding Nipple, Poultry Cage Mesh Welding Machine, Auto Feeding SPM for Drilling Holes on PVC Pipe in Straight Line and Many More Machines.

SEEDS INDUSTRY

Semi Automatic Seed Divider Machine for Corn, Maize and Paddy Seeds, Automatic Seed Planter with Water Appling Machine.

FURNITURE INDUSTRY

3 Axes CNC Router Machine with 4 Automatic Tool Changer System (ATC), 4' x 8' Cold Press Machines, Plastic Welding Machines for PVC Doors and Window Frame

AGRICULTURE INDUSTRY

Automatic Machines for Machining Sprinkler Parts, Rotary Machine for Machining 3 Point Linkage Parts of Agriculture Machines.

We are Manufacturers of

- Metal Cutting SPMs Like
 - Turning & Milling SPMs
 - Drilling & Tapping SPMs
 - Boring & Broaching SPMs
 - Brushing & Polygon Milling SPMs
 - Induction Hardening SPMs
 - Automatic MIG & TIG Welding SPMs
- CNC Machines Suitable for Customer's Requirement
- Riveting Machines Suitable for Customer's Requirement
- 180 Degrees Oscillation Rotary Indexing Tables
- Automatic Plating SPMs
- Seed Dividing & Planting Machines
- Material Handling SPMs
- Automatic Oiling Equipments
- Steady Rest Equipments
- Field Coil Winding SPMs
- Complex Sub-Assemblies
- Hydraulic Presses Suitable for Customer's Requirement
- Inspection Machines & Fixtures
- Assembly Automation
- Jigs & Fixtures and Many More
